Honorable Dan Boren  
Boren for Congress  
P.O. Box 1924  
Muskogee, Oklahoma 74402

Dear Representative Boren:

Re: Endorsement

I would like to take this opportunity to express, on behalf of the National Vietnam and Gulf War Veterans Coalition, our appreciation for your willingness to serve our nation and to support those who have answered America's call to duty. Your leadership, patriotism and courage are especially needed in the United States House of Representatives at this particular time in our history when our beloved country is at risk not only from foreign terrorists but also from domestic advocates of extreme social and economic 'reform' and the weaklings who fail to confront them. Accordingly, the Board of the National Vietnam & Gulf War Veterans Coalition was polled and has unanimously approved the Coalition's endorsement of your candidacy.

As you will note from the enclosed brochure, the Coalition consists of 75 veterans organizations and veterans advocacy groups representing over 250,000 veterans and, along with their family members and supporters, totals a significant proportion of America's voting population. Please take note that national security is the Coalition's primary objective. As veterans, we served to protect our nation and, although we are concerned about veterans issues, we continue to be focused, like you, on "What can we do for our country."

We shall be grateful for your support of legislation related to the proper care treatment and recognition of members of our armed forces and our veterans. However, legislation pertaining to national security issues, the elimination of terrorism and terrorists, the security of our nation's borders, the prevention of illegal immigration and of amnesty for illegal aliens, the achievement of US energy independence, the restoration of the US economy, the preservation of our Second Amendment rights, the survival of our ally, Israel, and the elimination of human rights violations by repressive communist and Islamic regimes, are extremely important to us. As defenders of our nation and of human freedom, how could we feel otherwise?

October 12, 2010  
Representative Dan Boren

We wish you success in your campaign and look forward to your continued service to our nation as a member of the US House of Representatives. We shall seek your co-sponsorship, on behalf of veterans and members of our armed forces, for future legislation supported by the Coalition.

Respectfully,

John J. Molloy  
Chairman

National Vietnam & Gulf War Veterans Coalition

Encl.
